

# **City of Show Low**

## **Rain-out Inclement Weather Policy**

It is the policy of the Show Low Parks & Recreation Department to make a determination on field playability by 4:30 PM on game days if possible. If inclement weather begins after 4:30PM teams are advised to show up to field for games unless contacted by Field Supervisor or Coach. We will make every effort to inform Coaches in a timely manner. The following factors can determine playability:

1. Safety of the infields/outfields
2. Adequate time for field preparation
3. Forecast

Decisions on field playability are made with respect to our players, fans and umpires safety as our first priority. We understand that efforts have been made by each player, umpire and fan to be at the games and we will do our best to inform you as soon as we possibly can.

The City's determination of playability **WILL NOT BE REVERSED** if there is a change in the weather and/or field condition after original determination

**Lightening:** If lightening is visible, the game must go into weather delay and players are asked to seek shelter. After a 15 minute weather delay a decision will be made by Field Supervisor/ Recreation Staff if it is safe to continue play. Games will be rescheduled if they have not completed 4 innings of play.

All games cancelled will be rescheduled (unless 4 innings have been completed) . Games can be rescheduled any night of the week based on field/staff availability.
